RIVERS ANDERSON
President, Life Member

"I joined Wildlife Action because I believe in the goals of this organization: Preservation, Conservation, Education, Sportsmanship, and Fellowship. WLA is a leader in our communities in these areas and I look forward to helping progress them further.

PROUD TO SERVE FOR 5 YEARS

GIL WIGGINS
Vice President, Life Member

"I first learned about WLA in 1993 when I attended camps at Fork Retch. At that time there was only the Bunny Beeson Building. The camps were alot of fun and I still have my bait casting trophy that I won. Ten years later I returned to Fork Retch in shock of what all had been built and improvements made. So when I settled down in Mullins and decided to get in involved in the area my love for the outdoors made WLA the obvious choice! I hope to help make this organization even stronger in the coming years!"

PROUD TO SERVE FOR 3 YEARS!

TARA MCWILLIAMS
Secretary

"I became involved in Wildlife Action because I wanted to become more active in the community and help this great organization that helps kids."

PROUD TO SERVE FOR 5 YEARS!

GENE WEAVER, JR.
TREASURER, LIFE MEMBER

"To ensure future generations have the oppurtunity to be involved and appreciate our natural resources. This knowledge was passed on to me by my father, and I will continue this with my children and others."

Embrace Life's Opportunities

PERRY GRICE
National Chaplain

PROUD TO SERVE FOR 3 YEARS!

"He will reply, 'Truly I tell you, whatever you did not do for one of the least of these, you did not do for me.' Matthew 25:45

Amidst our hectic schedules, busy days and noisy lives, it is easy for us to miss golden opportunities to make a positive impact on the lives of others. I am inspired by a short story of such a moment that I would like to share...

A New York City taxi driver wrote:

I arrived at the address and honked the horn. After waiting a few minutes, I honked again. Since this was going to be my last ride of my shift I thought about just driving away, but instead I put the car in park and walked up to the door and knocked.. 'Just a minute', answered a frail, elderly voice. I could hear something being dragged across the floor.

After a long pause, the door opened. A small woman in her 90's stood before me. She was wearing a print dress and a pillbox hat with a veil pinned on it, like somebody out of a 1940's movie. By her side was a small nylon suitcase. The apartment looked as if no one had lived in it for years. All the furniture was covered with sheets. There were no clocks on the walls, no knick-knacks or utensils on the counters. In the corner was a cardboard box filled with photos and glassware. 'Would you carry my bag out to the car?' she said. I took the suitcase to the cab, then returned to assist the woman. She took my arm and we walked slowly toward the curb. She kept thanking me for my kindness. 'It's nothing', I told her.. 'I just try to treat my passengers the way I would want my mother to be treated.' 'Oh, you're such a good boy, she said. When we got in the cab, she gave me an address and then asked, 'Could you drive through downtown?' 'It's not the shortest way,' I answered quickly. 'Oh, I don't mind,' she said. 'I'm in no hurry. I'm on my way to a hospice. I looked in the rearview mirror. Her eyes were glistening. 'I don't have any family left,' she continued in a soft voice.. 'The doctor says I don't have very long.' I quietly reached over and shut off the meter.

'What route would you like me to take?' I asked. For the next two hours, we drove through the city. She showed me the building where she had once worked as an elevator operator. We drove through the neighborhood where she and her husband had lived when they were newlyweds She had me pull up in front of a furniture warehouse that had once been a ballroom where she had gone dancing as a girl. Sometimes she'd ask me to stop in front of a particular building or corner and would sit staring into the darkness, saying nothing. As the first hint of sun was creasing the horizon, she suddenly said, 'I'm tired. Let's go now'. We drove in silence to the address she had given me. It was a low building, like a small convalescent home, with a driveway that passed under a portico. Two orderlies came out to the cab as soon as we pulled up. They were solicitous and intent, watching her every move. They must have been expecting her. I opened the trunk and took the small suitcase to the door. The woman was already seated in a wheelchair. 'How much do I owe you?' She asked, reaching into her purse. 'Nothing,' I said. 'You have to make a living,' she answered. 'There are other passengers,' I responded. Almost without thinking, I bent and gave her a hug. She held onto me tightly. 'You gave an old woman a little moment of joy,' she said. 'Thank you.' I squeezed her hand, and then walked into the dim morning light.. Behind me, a door shut. It was the sound of the closing of a life.

I didn't pick up any more passengers that shift. I drove aimlessly lost in thought. For the rest of that day, I could hardly talk. What if that woman had gotten an angry driver, or one who was impatient to end his shift? What if I had refused to take the run, or had honked once, then driven away? On a quick review, I don't think that I have done anything more important in my life. We're conditioned to think that our lives revolve around great moments. But great moments often catch us unaware-beautifully wrapped in what others may consider a small one.

(Author Unknown)

As I reflect on the passing year and resolve to make this new year better, I challenge myself to slow down and embrace the opportunities God places in my daily path. I hope you will do the same.

"I have a deep desire and passion for the land, history, the mission, the education and foremost the children that are touched by and through Wildlife Action.

My father, the late Harry B. Jackson, instilled in me a lot of his character, his nature and his love and zest for the outdoors for which I am grateful. I have two young sons that has taught me a lot about wildlife and that education is essential. Because of those two boys - we began to participate in summer camp, hunts, archery tournaments and other programs with WLA. Today, they have a strong desire to make WLA a huge part of their lives and I can't think of a better place I would rather see them!"

MELISSA WILLIAMS
Executive Secretary
PROUD TO SERVE FOR 1 YEAR!

"The outdoors has always been a big part of my family's life, from hunting, fishing, to recreation sports and will continue to be for years to come. My children got to experience camp last year for the first time and unfortunately they are at an age where they will not be able to attend but for maybe another year. However I am so thankful that they were allowed the opportunity to experience Fork Retch and meet lifelong friends. WLA serves a wonderful purpose in our area, from teaching environmental education to providing an outlet for kids who otherwise would never get to experience the great outdoors. My only regret is that I wasn't aware of WLA when my children were smaller. I look forward to being a part of WLA for many years to come."

With the support of people with the common goal of conserving our natural resources, young folks and old folks will have the opportunity."

JOE FRASER

Director of Technology

Trailblazer Award Recipient

PROUD TO SERVE FOR 11 YEARS!

My reasons for joining Wildlife Action may differ from some. Initially it was curiosity about this group that had a facility that bordered my home. It's important to know what your neighbors are up to. Then I learned a bit more about it and realized how closely aligned my personal beliefs were regarding freedom and responsibility. As my time and experience with WLA evolved I found myself getting more and more involved. It didn't hurt at all Bunny reminded me of my grandfather's hunting & fishing buddy that I grew up with. The more I learned about the organization the more I wanted to get involved. My skills include not only what my grandfather and scouting taught me about environmental stewardship and outdoor sportsmanship etiquette but also my professional skills in the IT industry. I am a firm believer in the philosophy to those given much – much is expected. I think each of us are responsible for sharing out gifts with our next generation in whatever capacity possible. Michelle and I were not blessed with kids of our own. Perhaps bringing WLA to me was the good Lord's way of providing me with the blessed opportunity to give to the next generation."

"I have been aware of the conservation work that WLA has done over the years, but did not realize the extent of their youth programs. I became sold on WLA this summer when my 6 year old daughter attended the day camp and I saw her excitement and enthusiasm for all of the activities that the camp had provided. When she told me that she wanted to attend the camps for as many years as she could, I realized that WLA would be something that she and I could enjoy together. I was very impressed when we attended the closing ceremonies and saw all of the positive things that the kids were being exposed to and all of the excitement in their eyes. I look forward to working with WLA for many years to come."

J. THOMAS HUNTER, IV

Board Member, LIFE MEMBER

"Canoe races, archery class, and songs about Bunny's truck are the first memories I have of Wildlife Action. Through respect for the environment I first learned as a child at WLA, I developed a love for the outdoors, which I am thankful to still be able to enjoy today. WLA gives the opportunity to make a difference in our community in many different ways. Preservation, Conservation, Education, Sportsmanship and Fellowship are five core values, which can help ensure future generations are able to get as much from the outdoors as we do today. Today's youth are tomorrow's future, therefore it is our responsibility to educate and promote kids to respect the environment."

Samples of Emails and Letters...

Thank you Floyd and Peggy Higgins for your assistance with Mistletoe's Family Fall Fest.

Without the help from groups like yours, we could not provide this wonderful event!
People like you Floyd are an essential part of the success of this program.

There are not enough words to express our gratitude for your dedication year after year.
We could not do it without you. Your support is greatly appreciated.

Thank you again,
Brenda Bettross, Mistletoe State Park

Dear Bunny and Frank,

Just a note to thank you for your attendance at our Lion's Club meeting in Myrtle Beach, SC in November and giving such an excellent presentation on the Wildlife Action, Inc. programs.

All the members were very impressed with the involvement you and the organization have in helping enhance the local, national and international community. I know I will be joining Wildlife Action in the very near future and my grandchildren are extremely excited to become active in your programs.

I would like to reiterate my offer to have someone from Wildlife Action, Inc. join our Lion's Club and thereby enhancing the relationship between our two organizations. Our club is currently growing and Wildlife Action will have access to a group of dedicated and committed volunteers.

Thank you again and please call me if I can provide any assistance or if you have any questions.
Sincerely,

James "Mike" Stonefield - President

To L Cpl Floyd Higgins:

The Robertsons are committed to giving back not only to our own community but also to causes across the world. We are involved with many charities and organizations that are specifically close to our hearts.

It is impossible for us to help with every wonderful request we get and we truly appreciate your understanding in regards to this. May God continue to bless your cause and all those who are associated with it.

A few of you asked questions about the Pee Dee Scenic River Advisory Council such as:

- Can additional people participate in meetings of the council?
- Can we help this river project in some way?

Answer:

Yes. You can help and participate.

For the next few months, our task will be trying to complete a management plan for the rivers. If you are interested, I can let you know more about how this proceeds and alert you to meetings where it makes sense to have others join in. Because I work in Columbia, and the other members of the council reside near these rivers, we've decided to have most meetings through conference calls. If you really want to participate in these meetings then send me an email or call me to explain your interests, and we can talk about the details.

- Who is on the Advisory Council?

Answer:

Recently active members on the Pee Dee Scenic River Advisory Council and their affiliations are as follows:

Frank Oliver, Wildlife Action
Philip Adams, private landowner
Ron Charlton, Georgetown County Council
Mark H. King, private landowner
Mike King, Pee Dee River Watchers
Bill Marshall, SC Department of Natural Resources
Robert Schofield, private landowner
Nancy Cave, Coastal Conservation League
Paula Reidharr, Waccamaw River Keeper
Ray Funnye, Georgetown County Public Services
Daniel Hitchcock, Buruch Institute, Clemson University
Leigh Wood Kane, Horry County Planning
Susan M. Libes, Coastal Carolina University
M. Craig Sasser, US Fish & Wildlife Service
Maria Whitehead, The Nature Conservancy
Note: Other folks are on our member list but are not active.

Thank you for your interest and support.

Frank;

Thanks for taking time to meet with me last week on the property along International Drive.

The County has agreed to put the turnout and culvert in the road right-of-way for access to your property during the construction of International Drive. With the restrictions and covenants on your property, the County will end the work at the edge of the new road right-of-way.

Hopefully you can work out further arrangement with American Tower. Let me know your availability and I can meet you in Mullins to get the documents signed.

Thanks again!!

To Johnny Goebel, Horry Chapter President:

Per our conversation, this check is for a scholarship for a deserving boy or girl who wants to attend a Fur, Fin and Feather Pioneer Hunt but needs financial assistance.

I admire what you do for the youth! Unfortunately, due to my husband's health problems, we can no longer participate in the many programs Wildlife Action offers, nor can we help with the clean-up days, etc. This donation is my way of continuing to help a little.

Thank you!

A loyal WLA Horry Chapter Family

MEMORIAL GIFT FUND

We would like to thank the families who, over the years, have established memorial funds in memory of loved ones who have passed away. Often the family asks that donations be made in lieu of flowers. These funds are set aside as a part of a memorial fund to act as an endowment for Wildlife Action so that the donations will keep on working over the years.

Total at this time: \$561,390.95

Our Memorial Gift Fund is entrusted to:

WILDLIFE ACTION, INC. RESOLUTIONS

SC 83-1-(1) WILDLIFE ACTION, INC. adopts the South Carolina Wildlife and Marine Resource Department's Law Enforcement Point System for hunting and fishing violations.

SC 83-2-(2) If a WILDLIFE ACTION, INC. member loses his hunting or fishing license for violations of game and fish laws, he is automatically suspended from membership in WILDLIFE ACTION, INC. His individual case will be reviewed by the ethics/grievance committee upon request and action will be based on the findings of this review committee as to whether he retains good standing WILDLIFE ACTION, INC.

SC 83-3-(3) A. That insofar as it has been learned of the possibility of plans of the city of Bladenboro, North Carolina to discharge certain waste that will have pollution effects on Big Swamp which runs into the Lumber River and thus into the Little Pee Dee River, WILDLIFE ACTION, INC. of Marion County, South Carolina, does hereby adopt a resolution which strongly opposes such action by the city of Bladenboro, North Carolina.

B. Further, WILDLIFE ACTION, INC. of Marion County will use whatever avenues are open to them to bring the stoppage about with the intent to call upon the department of health and environmental control to monitor what effect any discharge into Big Swamp in North Carolina may have on the Lumber and Little Pee Dee Rivers in South Carolina and the environment thereof.

C. It is further resolved by WILDLIFE ACTION, INC. that inasmuch as the Lumber and Little Pee Dee Rivers and all wetlands thereof are a great asset and natural resource beyond measure, this group will not only oppose any action that will alter these rivers and wetlands but will seek ways and means to stop any such action.

SC 83-4-(4) A. WILDLIFE ACTION, INC. hereby adopts the following resolution and petitions the South Carolina Wildlife Department to so act upon:

B. Be it resolved that the season for hunting rabbits with dogs in Zone 10 and Zone 7 be from Thanksgiving until March 1st.

C. That training of dogs on rabbits be year round with no guns or large packs allowed.

SC 84-4(5) WILDLIFE ACTION, INC. hereby adopts the following resolution which opposes any law that would lead to taking guns from responsible citizens. Membership in WILDLIFE ACTION, INC. will help fight for the right to keep and bear arms.

SC 84-6-(6) WILDLIFE ACTION, INC. hereby adopts the following resolution:

A. That a marine saltwater recreational fisheries license be instituted and that all funds by law be used for the benefit of marine sport fisheries programs.

B. Further, WILDLIFE ACTION, INC. would support a law that would enforce everyone from ages sixteen years to sixty-five years old to have a valid freshwater or saltwater license regardless of what fishing device one chooses to use. In addition, it is recommended that no more than two (2) fishing devices be used at one time.

SC 84-6-(7) WILDLIFE ACTION, INC. hereby adopts the following resolution: Due to the fact that two million ducks die each year of lead poisoning and in compliance with WILDLIFE ACTION'S five point law and slogan, we support the use of steel shot when shooting waterfowl over shallow water.

SC 85-3-(8) WILDLIFE ACTION, INC. hereby adopts the following resolution: Inasmuch as the Little Pee Dee River Project, WILDLIFE ACTION, INC., Marion County Chapter, is leading the way in the attempt to obtain for the river the State scenic river status, we endorse the purchasing of canoes so that WILDLIFE ACTION, INC. can carry out its aim of educating the community to the awareness of the value of this natural resource.

SC 85-5-(9) WHEREAS the Board of Directors of WILDLIFE ACTION, INC. at its regular monthly meeting held in Mullins, South Carolina, on May 6th, 1985, by a majority vote authorized the Marion County Chapter to purchase a tract of land formerly owned by Malcolm and J. Keith McMillan containing 57.22 acres, more or less, located near Fork Retch, Marion County, South Carolina for the sum of Twenty-three Thousand and NO/100 (\$23,000.) Dollars;

And WHEREAS, in order to purchase the tract of land described above it will be necessary to borrow the entire purchase price in the sum of Twenty-three Thousand and NO/100 (\$23,000.) Dollars;

And WHEREAS, Anderson Brothers Bank of Mullins, South Carolina, has agreed to loan WILDLIFE ACTION, INC. the purchase price with interest for the tract of land described above and take a mortgage on the land for security;

NOW THEREFORE, be it resolved, that the President and Secretary of WILDLIFE ACTION, INC. be and they are, hereby authorized and directed in the name of the corporation, in its behalf to execute and deliver a note and mortgage to Anderson Brothers Bank of Mullins, South Carolina, in the principal sum of Twenty-three Thousand and NO/100 (\$23,000.) Dollars and convey to Anderson Brothers Bank the tract of land described above as security for the repayment of this loan and to execute any and all other documents or instruments necessary and related thereto.

Executed and attested by the Board of Directors of WILDLIFE ACTION, INC. this 21st day of May, 1985.
